

# Good Laboratory Practice (GLP)

biosafety4u.berlin GmbH  
Schulzestraße 20  
13187 Berlin  
GERMANY

**Setting-up your GLP QA program from scratch, closing gaps, assisting with mock audits ...**

**Creating GLP competence. Different modules also available separately, either on-site or remote.**

**Assembling the GLP document package for submission to the competent authority.**

**Preparation for regulatory inspection(s), including correspondence and inquiries follow-up.**

**Assistance on how to respond to authority inspection reports.**

**A GLP certificate can be issued. Your organization can be added to the national GLP monitoring program.**
